

# Alive at 25<sup>®</sup>

Classes are held on **Fridays** and **Saturdays** in the Atlanta Metro area at the National Safety Council Georgia Learning Center.

Motor vehicle crashes are the leading cause of death for young adults, and the numbers are climbing. Teen drivers are nearly three times more likely than drivers age 20 and older to be in a fatal crash.

Alive at 25<sup>®</sup> is a highly interactive program that teaches young adults how to make safe, respectful and legal driving decisions. Designed for drivers under age 25, the program complements national driver education programs, which focus on laws and vehicle handling. It teaches young drivers how to take control of situations by taking personal responsibility for their own actions, attitudes and driving behaviors.
